DETAILED ACTION

1. This office action is in response to RCE files 10/08/2004 and amendments and remarks filed 7/16/2004.

2. Per Applicant's request, claims 1, 2, 9-11, and 15-17 have been canceled. Claims 21-23 have been added. Claims 3-8, 12-14, and 18-23 are pending.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Glen Brown, Reg. No. 51,310 on 11/22/2004.

The application has been amended as follows:

IN THE CLAIMS:

Claim 21, line 1, recites “A variable for use in a computer program...”, should be amended to –
A variable tangibly embodied on a computer readable medium, for use in a computer
program....--

Claim 22, line 1, recites “A computer program...”, should be amended to – A computer program
apparatus....--

Claim 22, line 5, recites, “...the computer program comprising:”, should be amended to --...the
computer program apparatus comprising:--

4. The following is an examiner's statement of reasons for allowance:

As Applicant has pointed out on page 8, 1st paragraph, Grey et al. does not provide a data type comprising an algorithm as claimed." Additionally as noted on page 8, 2nd paragraph, "The reference fails to disclose executing an algorithm when a routine attempts to access the numerical value of the variable." Furthermore, as noted on page 8, 3rd paragraph, Grey fails to disclose "the first algorithm begins processing the numerical value for providing an updated numerical value"... "before the routine accesses the numerical value".

Similar limitations are recited in all independent claims 21, 22, and 23.

5. Prior art of record does not disclose such limitations and a combination would not be obvious. Thus all claims 3-8, 12-14, and 18-20 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
